Digital Honour Board

> Make space by switching to a Digital Honour Board

The perfect solution for Clubs, Schools, Colleges and Universities Corporates and Foyers.

> How many traditional boards can fit into a digital honour board?

As many as you like, 1000 names can scroll in less than 20 minutes.

> What do we need to supply?

Honour roll list in Excel/Word or a photograph of each board which we then transcribe.

> Can we include photos and logos?

Yes, both logos and photos can be added to the board.

> Can we use our own screen?

Yes, as long as it has a USB input and can play back media files.

> How do we update?

Send us the new names and we send you an updated file for a small charge.

FAMILY

RESPECT

DISCIPLINE

The club is over the moon with our new digital honor board. We now have so much more space and members and visitors are very impressed with both the presentation and the amount of space we have for other purposes. We can now simply digitally update annually. We have no hesitation in recommending Craig and his team for this innovative product.

Rick Brockwell
Sponsorship and Marketing Manager

The Banyule Bears are proudly sponsored and supported by...

Hervey Bay & District **Tennis** Association

79 Colyton Street, Torquay 4655

ABN: 38 931 526 283

The Hervey Bay Tennis Association renovated its Club House back in 2015. Our Committee and Members were looking for a solution as to what we were going to do with our 5 honour boards due to the lack of wall space.

Craig Burnard from Instorevision had sent the Club an email regarding Digital Honour Boards for Clubs in our predicament. I contacted Craig and within 3 weeks we had our New Digital Honour Board installed with all 5 old boards information now on 1 which we get updated after our Annual Meeting each year.

Many of our visiting Members from other Clubs have commented on how impressed they are with the current board and asked for Craigs contact information.

I would recommend all Clubs looking to free up its Clubhouse wall space to contact Craig from Instorevision for a solution.

Regards

Geoff Arnell

I would like to share our positive experience we had with Craig and his team at Instorevision.

Like many clubs, wall space for the display of honour boards was a problem for us. This meant we needed an innovative solution. Craig and his team were able to seamlessly design a solution that met our brief.

Craig was very professional in handling our enquiries and his communication was first class.

The Parkdale Bowling Club is extremely pleased with the end result.

I have no hesitation in recommending Instorevision for any club considering a digital honour board solution.

Greg Woods
Secretary

To Whom It May Concern,

The College has recently had the pleasure of working with Craig to produce a Digital Honour Board for our Reception area.

Craig and his team at Instorevision reproduced a digital form of our original board using photographs, and the result is spectacular.

The process was made very easy from start to finish and the Honour Board is very user friendly.

I highly recommend Instorevision for any project of this nature.

Kind regards,

Victor Bradbury
ICT Manager.

THE SURF CLUB
MOOLOOLABA

Thank you Instorevision!

We couldn't be happier with our new digital honour boards.

Mooloolaba Surf Life Saving Clubs 100th year celebration is fast approaching and wall space to share our history, success, Surf Life Savers etc. with our Members and Guests is something we didn't have much of.

Craig and his team had the innovative solution we were looking for - move from print to digital. The process across to digital was seamless, our design brief was met and now we have all our data in a format which can easily be updated each year.

We have no hesitation in recommending Instorevision for any Club considering a digital honour board solution.

After researching several companies for the installation of digital Honour Boards NBC Sports Club fortunately made the decision to employ Craig Burnard and his team at Instorevision

Not only was this decision by far the most cost effective but the works that were completed were seamless and professional.

Craig and his team provided timely communications at all times and even with the very large size of our Data base that was provided the turnaround time was outstanding.

The ends result was a traditional style looking digital honour board that has saved us on space and received many compliments from our Members.

I would have no hesitation in recommending Instorevision for any Club considering an affordable and professional digital honour board solution, we could not be happier!

Peter Swaby

NBC Sports Club.

Northmead, NSW

Macleod Football & Netball Club Inc

We recently completed an upgrade of our facilities and took the opportunity to free up wall space by using digital honour boards. Craig at Instorevision made this process straightforward and we now have two televisions covering officials and playing honours. This process allowed us to recognise many more achievements than was possible on fixed honour boards. If you would like to have people within your club better recognised and displayed I commend the team at Instorevision to you.

Bryan Bottomley

Treasurer

To whom it may concern,

Craig and his team at Instore Vision were a breeze to work with! Our club dates back to the early 1900's with a rich history, there was so much information to get through. We sent Craig through photos of the existing boards along with all the information (so much) and his team created the perfect scroll video to honour our members past and present. Lead time was excellent (Once we found all the information to send over), 10/10 recommend.

Kind Regards,

Angelica McDowall

Functions & Sponsorship Coordinator

West Pymble Bicentennial Club

To whom it may concern,

West Pymble Bicentennial Club embraced traditional honour boards but the cost for updates became prohibitive and wall space at the club is limited. We tried a newer format but again over time the space the boards occupied could be better used for other club paraphernalia and legibility became an issue. InstoreVision arrived at a digital solution that minimised wall real estate while maintaining a traditional look. The member's are overwhelmingly supportive of this new innovation.

Kind regards
Emma Ritchie
Club Manager

The Tennant Creek RSL Sub Branch needed to update their boards in their clubhouse. Craig Burnard from Instorevision sent us an email regarding Digital Honour Boards which we had never heard of. Once his presentation was shown to the committee we were sold on the idea of a Digital Honour Board.

Craig was a great help in designing our board and answered all our committee's questions. We are extremely happy with our Digital Honour Board and have had nothing but positive comments from members and visitors to our RSL.

The Tennant Creek RSL Sub Branch highly recommends Instorevision to any club that is considering changing to a digital honour board.

Treasurer – Bailey Brown – 0416 004 191

Secretary – Sam Pengilly – 0447 194 711

Thank you to Craig Burnard and Instorevision for our new digital honour boards.

Like many clubs we have struggled for wall space so the club decided it would go down the path of displaying our honour and sponsorship boards digitally at the club.

We sourced several quotes from other companies and decided to engage Instorevision with the job. Craig was a fantastic help throughout the process and attended to all our requests, Craig even managed to include our club song into it.

We are extremely happy with the final product and have since received lots of compliments from our members and opposition clubs that have seen it firsthand down at the club.

We can now simply digitally update our boards annually in a simple and effective manner.

The Cockburn Cobras Football Club has no hesitation in recommending Instorevision to any club considering a digital honour board solution.

Thanks

Andrew Pearce

TURRAMURRA 2074
Phone: (02) 9144 2800

Like a lot of clubs with gold leaf honour boards we were looking for a more efficient way of updating our honour boards still keeping the original style. Craig and his team at Instorevision were able to design a solution to meet our requirements.

Craig was very professional, any questions were replied to promptly. The job was completed in a very short time, delivered with ease.

The members could not be happier with the result, a traditional looking honour board. Some members sitting to watch the screens roll through. Visitors to the club comment on how clear and easy to read the screen is.

I would have no hesitation in recommending Instorevision for any Club considering an affordable and professional digital honour board solution, we could not be happier!

Digital Honour Boards

Mt Lawley is a Western Australian suburban tennis club. As part of modernising the clubrooms it was decided it would be appropriate to digitalise our 13 honour boards.

Following an internet search I chose Instorevision-Craig Burnard, as my first point of contact and never looked further. This was a big project; with Craig's help and guidance it was achieved within 3 weeks.

Craig made himself readily available when assistance was needed during the process. I would recommend to any club, looking to undertake a similar project, that they engage Craig.

We were very pleased to be Instorevision's first WA client.

After major renovations to our Club, the Club was face with a dilemma of where and how to display the 80+ years of member achievements in a manner which was accessible to all members.

The solution that Instorevision provided with their digital honour board system enable the Club to display not only the previous honour board information but also enabled the Club to add additional information. This additional information included listing all the team members of our successful pennant teams, which the Club was unable to do previously due to space and cost considerations. The Club has received many positive comments from both members and visitors to the Club on both the appearance and information contain on our digital boards.

The work undertaken by Instorevision in designing and converting our existing records to a digital format was done in the most professional manner. The annual maintenance of our digital boards is both timely and cost effective compared with our previous boards.

I have no reservations in recommending Criag and his team at Instorevision to any club or organisation reviewing their honour board display options.

Re: Digitising Honour Boards

Banyule Cricket Club were in the market to digitise our existing wooden almost filled honour boards and were recommended by other local clubs that had engaged InstoreVision.

This proved to be a great outcome with the ease in creating boards that are now displayed with the traditional look that has impressed all that have seen it in operation.

Craig and his team were always available to discuss any issues and provided any support needed to bring this project to fruition

We would have no hesitation in recommending InStoreVision for your next digitising project.

Yours sincerely

Graham Clapton
